Creative Classrooms with Apple Tools and AI

Session Goals and Expected Outcomes

- Show how Apple's tools make lessons more interactive and student-centered.
- Highlight how AI and prompts enhance teaching efficiency.
- Inspire creative, innovative, and practical classroom use of technology.

Create stories / Practice speaking

Design /

A speaker profile card for Bruce Gao / Robert Ma. It features a circular profile picture of a young boy with dark hair, wearing a white shirt and pointing his index finger upwards. To the right of the profile picture, the word "Speaker" is written in green, followed by the name "Bruce Gao / Robert Ma" in bold black text. Below the name, the title "Apple System Engineer" is listed in smaller black text. At the bottom, there is a calendar icon followed by the text "Date/Time:", and the event details "15 Sep. 3:00-4:00 pm".

■ iPhones that support Memoji

(Any iPhone with a **Face ID TrueDepth camera** can use it)

- iPhone X
- iPhone XS / XS Max / XR
- iPhone 11 series
- iPhone 12 series
- iPhone 13 series
- iPhone 14 series
- iPhone 15 series

■ iPads that support Memoji

(Also requires a **Face ID TrueDepth camera**, so the range is very limited)

- iPad Pro 11-inch (all models from 2018 onwards)
- iPad Pro 12.9-inch (3rd generation and later, starting from 2018)

👉 All other iPads (Air, mini, and standard iPad models) only have Touch ID TrueDepth, so they **cannot use Memoji**.

The screenshot displays the LM Studio 8.0 interface with several open windows:

- LM Studio Main Window:** Shows a list of models under "Your models" and sections for "GENERATING", "PROCESSING PROMPT", "READY", and "SHIPPING".
- Model Management Window:** A modal titled "Type Model..." lists various models like "Mistral Large Instruct 240T", "Qwen 72B Preview", etc., each with a status bar showing metrics such as latency and throughput.
- Tool Usage Window:** A modal titled "LM Studio" provides instructions for running a server and interacting with a model capable of querying Wikipedia. It includes a "curl" example command and a "Structured Output" section.
- Development Log:** A terminal-like window showing logs from the server, including messages about model loading and server startup.

I want an apple.

- Always on duty — 24/7, never takes a break
- Turns “impossible” into practical solutions
- Follows words, not thoughts — results depend on clear instructions

I want an apple. It is good, red, sweet, and crunchy.

- Always on duty — 24/7, never takes a break
- Turns “impossible” into practical solutions
- Follows words, not thoughts — results depend on clear instructions

I'd like a sweet, good red apple, peeled, cored, and cut into 6–8 small pieces, served with a cute little fork and some napkins on the side.

H 你
用英文作一首歌词，主题是我是小小演讲家，在Guangdong Country Garden School演讲

ChatGPT

In Guangdong Country Garden School, I stand tall,
A tiny speaker, yet I give it my all.
With words like stars, I light up the stage,
In every speech, I unleash my sage.

Confidence blooms in every word I say,
Guided by teachers, I find my own way.
In this garden of knowledge, I flourish bright,
My voice echoes, reaching new height.

So here I am, a little speaker bold,
In Guangdong Country Garden, my story unfolds.
With courage and passion, I pave my own lane,
In every speech, I leave my mark, my gain.

Suno

Unleash Your Voice
pop motivational

[Verse]
In Guangdong Country Garden School, I stand tall
A tiny speaker, yet I give it my all
With words like stars, I light up the stage
In every speech, I unleash my sage (yeah)

[Verse 2]
Confidence blooms in every word I speak
From the crowd, cheers and applause they seek
